Jhana -

ODEQ is the NPDES permitting authority for Oklahoma. The OKR05 permit number prefix is Oklahoma's Multi-Sector General Permit which can be found at http://www.deq.state.ok.us/WQDnew/stormwater/msgp/msgp_okr05_permit_2011-09-05.pdf. I do not have a copy of the facility's Notice of Intent (application) which includes the SIC Code(s) for which they obtained coverage. The benchmark numbers you need are dependent on their SIC code/Sector. Karen Milford is ODEQ's lead in stormwater permits. Karen's contact information is:

I was given your name as the contact for OK stormwater permits. I would like to get a copy of the permit listed below if we have it. If not, I can request it from the state. I don't know if EPA kept copies that are easily available or if the state keeps the document. The site is in Oklahoma City, OK. Thanks for any assistance.
